10 Ways to Avoid Parking Citations

1 Your license plate is your parking permit. Register your license plate at parking.ucf.edu.

2 Obey all signs, pavement markings, and barricades in all lots and garages, especially ones that allow multiple permits.

3 Do not use accessible parking spaces if you do not have an accessible hangtag.

4 Do not park on the grass or sidewalk.

5 Do not park in reserved or numbered parking spaces unless it's your space. And do not block or park in service vehicle spaces.

6 Park your vehicle nose-in, license plate out.

7 Download the Passport app to pay for street parking during the required times — even if you have a parking permit.

8 Use the Pegasus Express shuttles to get around campus.

9 Arrive early. Give yourself plenty of time to find an appropriate parking space.

10 If you receive a parking citation, be prompt with your response to avoid late fees, immobilization or towing.

Motorist Aid

*Call the University Police Department's non-emergency number
407-823-5555*
