# 10 Ways to Avoid Parking Citations

**1** Your license plate is your parking permit. Register your license plate at [parking.ucf.edu](http://parking.ucf.edu).

**2** Obey all signs, pavement markings, and barricades in all lots and garages, especially ones that allow multiple permits.

**3** Do not use accessible parking spaces if you do not have an accessible hangtag.

**4** Do not park on the grass or sidewalk.

**5** Do not park in reserved or numbered parking spaces unless it's your space. And do not block or park in service vehicle spaces.

**6** Park your vehicle nose-in, license plate out.

**7** Download the Passport app to pay for street parking during the required times — even if you have a parking permit.

**8** Use the Pegasus Express shuttles to get around campus.

**9** Arrive early. Give yourself plenty of time to find an appropriate parking space.

**10** If you receive a parking citation, be prompt with your response to avoid late fees, immobilization or towing.
