Are you “Real” Doctors?!

YES, WE ARE!

- Licensed and Board-Certified Medical Providers (MD, PA, APRN)
- Licensed Nursing staff
- Pharmacists & Technicians
- Dentists & Hygienists

**First Year
Experience**

The Health Fee (and What it Covers)

The health fee (included in tuition) helps to offset your medical costs which means you can see a health care provider with no out-of-pocket charge for the general (primary care) office visit. It is NOT a form of medical coverage.

Patients are financially responsible for items not covered by the health fee.

These include, but are not limited to:

Clinical procedures, x-rays, laboratory services, medical equipment, prescriptions, non-prescription medications, vaccinations, dental services, and physical therapy.

When charges occur, students can elect to use their health insurance coverage, or pay out-of-pocket. Payment for all services and out-of-pocket costs are due at the time of service.

Medical Insurance Participation

Patients are financially responsible for all charges incurred at each visit, whether covered by health insurance or not. All out-of-pocket expenses as determined by your health insurer are due at the time of service. Though not required to access our services, the university and Student Health Services strongly encourage all students to carry some form of health insurance coverage.

UCF Health Services is in network with the following insurance providers:

*Please note that we do not accept most HMO plans. Call our insurance office for coverage verification at 407.823.1649

All other insurance providers are considered out of network.
